Dear Ken:

On behalf of Dryden's Disabled Advisory Committee, I would like to thank you for making our Awareness Program such a fabulous success. When I returned to my office the next morning, there were "little yellow post-its" all over my desk from exhilarated employees exclaiming how much they appreciate and enjoyed and admired you. One gentleman stated he has been at Dryden for over 20 years and this was the best program he had ever seen. It was broadcasted on our television monitors throughout the Facility so even employees unable to attend had the opportunity to enjoy your performance.

I would personally like to thank you, Ken, for making my first program such a impressive success. You are truly a extraordinary person and I feel blessed having met you. I passed a message to Beverly Johnson thanking her for giving me the good fortune of meeting you. It was also a great opportunity to meet and work with your assistant, Beverly. She is such a admirable woman! Pass my thanks to her and Dave. What a wonderful group of accomplished, positive people.

Thanks Again,

A handwritten signature in cursive script, appearing to read "Jo Ann Braden".
