

Robert Lockridge is the newly elected Grand Treasurer of Kappa Sigma Fraternity and Bob Lindsey is the Grand Scribe of Kappa Sig.

Pins, Lavaliers, Rings

Congratulations to Susan Wiseman, ADPI, who is now pinned to SAE Bruce Gibson. Roger Dunaway, Grand Master of Kappa Sig, is pinned to their chapter sweetheart, Julie Shingler of Wesleyan. Tom Ulbright, SN, is pinned to Cheryl Grantham, senior at Wesleyan.

Dempsey (TWIGG) Kirk is lavaliered to Miss Susan Reynolds, also from Wesleyan. How's that fountain Roger?

Congratulations to Steve Voight, SN, who is engaged to Deby Buck, who is a Kappa Alpha Theta at Florida State University.

Along the same lines we are all supposed to "watch out" for Danny Bailey and Randy Cox, both Sigma Nu's, according to their brother Nu's.

Pledging and Initiation

Kappa Sigma announces the pledging of the following boys: Scott Hogan, (President of the Pledge Class), Dempsey Kirk (V. P.), Larry Jackson, (Sec.), Andy Perry (Treas.), David Mixon, Perry Woodard, Gene Armstrong, Buster Muckey, Tony Earwood, Alan Partridge, Stan Lowrey, Don Lester, Ron Burge, Jimmy Smith, and Emory Teal.

Kappa Sig also wishes to acknowledge the initiation of these

new brothers: Marion Durst, Ralph Parks, and Don Hagan.

Tidbits

Several Sigma Nu Brothers, so I hear, took an unexpected dip into the Bear Arms' swimming pool last Saturday night—the "wages of sin". That pool isn't the cleanest, most sanitary water hole in the vicinity either!

Mark Hicks reports from his recent trip to Dartmouth's "Winter Carnival" that the Dartmouth Grocery Store in Hanover, New Hampshire, sells more beer than any other single establishment in the whole United States. Mark achieved an all-time "HIGH" last weekend, probably in more ways than one!

Recently at Sean's, Robert Lockridge easily defeated Dan Patrick in a chugging contest. Both were awarded large schooners of their favorites for a reward by the management. Sounds as though they got a pretty good deal.

It was good to see two long lost

ADPI's during Homecoming Weekend, Linda Taylor and Judy Smith. Also, Beth Brown—who comes around occasionally!

Hey, paging Mr. Bob Porter! Everyone is asking me to ask you exactly how you pick your date up? Would you like to reply?!

We'll have to wait until the next issue of the Cluster to read the results of Phi Delt Weekend. At the time of this printing the Weekend has not yet been "experienced" and I'm sure there will be lots of "Good to report."

Last week the Phi Mu's enjoyed an impromptu party featuring the Washboard Band and bridge by candlelight. There were mixed emotions when the "Black-out" ended and everyone resumed studying for mid-terms. I guess some of the freshmen boys enjoyed the evening, also, — however, not a visit to a certain person's office the next day!

Ed Bacon, how did you like your birthday "presents" last week? I heard that they were chosen espec-

ially for you!

MICA's Linda Smith and Danny Camp, ATO, are now engaged. Claudette Wells has been chosen sweetheart of Phi Mu Alpha. MICA had its Big Sister-Little Sister program following last week's regular chapel meeting. The new

pledges and promisees were glad to discover who were leaving the "Big Sis" gifts for them.

I want to remind everyone of the Panhellenic Pledge Dance coming weekend. It should be very good this year, so everyone please attend and have a great time!

Join a firm that'll give you executive responsibility your first day at work.

Now, that's a pretty funny thing for a civilian firm to say. A boss? Right out of college? The first day?

But the Air Force can make such offers.

As an officer in the world's largest technological organization you're a leader. Engineer. Scientist. Administrator. Right where the Space Age breakthroughs are happening.

Or how about the executive responsibility of a test pilot clocking 2,062 mph in a YF-12A jet?

That could be you, too.

But you don't have to be a pilot in the Air Force to move fast. With your college degree you zip into Officer Training School, spin out an officer, speed on your way as an executive, in the forefront of modern science and technology. Right on the ground.

The Air Force moves pretty fast.

Think it over. A man's career can sometimes move pretty slow.
