

GRINALDS NAMED PLAYERS LEADER

"Thirteenth Chair" Makes Big Hit in Wesleyan Performance of Actors

Archie Grinalds, of Macon, was elected to lead the Mercer Players next year at a recent meeting of the organization. Grinalds will only be a

sophomore next year and this is the first time in the history of the club that any other than a junior or a senior has been accorded this honor. This is his first year on the club and he has made quite a hit in the club's present production, "The Thirteenth Chair."

Other officers elected for next year were: Henry Stokes, Savannah, vice-president; Hugh Kelly, Thomaston, secretary; and treasurer; and Jack Brandt, Chicago, manager.

Trip Is Planned

The club is planning a week's trip to South Georgia and Florida within the near future, according to Wingfield Walker, retiring president of the organization. Definite arrangements have not been made, but present plans call for performances at Americus, Tifton, Bainbridge, Camilla, Coidele, and Tallahassee, Florida, he states. The players also plan to take two

week-end trips sometime during May.

Players Are Praised

The only performance of the players before a Macon audience was held Friday night in the Wesleyan auditorium. The large crowd present was highly enthusiastic in its applause for the excellent portrayal of the impersonators, and those who have seen the players perform since its organization four years ago are of the opinion that

the present cast surpasses all others in the excellency of their character portrayals.

All of the cast did exceedingly well in the performance Friday night, especially Habenicht Cassons, who approached perfection in taking the part of an old Irish seaman, who outwitted the detective in detecting the person guilty of the murder around which the play centered.

not a bark in a bowl-ful!

(and of course, "not a cough in a carload")

Still another leading tobacconist in Macon, Ga., says:

"The growth of OLD GOLD Cigarettes' popularity here has been amazing to me, but what interests me most is the way students stick to the brand after they start smoking it. OLD GOLD smokers don't switch."
