

AGING ATHLETES BRINGS EXPULSION

University of West Virginia Charged With Hiring Football Players

Morgantown, W. Va. (by New Student Service)—The University of West Virginia has been expelled from membership in the North Central Association of Colleges and Secondary Schools, for paying athletes and failing to audit its athletic funds. Specifically, it has been charged with paying members of the football squad.

The organization, which met last week in Chicago, comprises 251 colleges. Its action against West Virginia is the most drastic it ever has taken. The southern institution, which was wanted membership two years ago, was censured last year for its athletic methods. It was ordered to clean up get-out. Its representatives tried to evade action at the latest conference offering to make a change in policy, but its promise of reform came too late.

Money Promised

Charges were filed by the executive committee, of which Dr. George F. Cook, president of the University of West Virginia, is chairman. Inadequate supervision of athletic funds and propping up alumni were charged in the indictment. The executive committee insisted that the academic, health and character interests of student bodies could rank first. It recommended in opposition to payment of money athletes, and the abolition of free training tables. Solicitation of prospective athletes by coaches through promises of money compensation was denounced also. Alumni of the University of West Virginia are charged with having established a fund with which to induce athletes to attend the university.

MORE CURRICULA FREEDOM IS GIVEN

Majors and Minors Have Been Abolished by Minnesota College

St. Paul, Minn. (by New Student Service)—Revision of the curriculum to permit more freedom of study has been announced at Hamline College by President Alfred F. Hughes. Majors and minors have been abolished, the first and last two years of work separated, and requirements reduced in number. "Gateway" courses in the freshman and sophomore years will introduce the student to college, and thereafter he will be free to select his own subjects. The only demand is for thirty-six hours of concentrated study. The "gateway" courses will be liberal and varied.

Particular emphasis is being placed on the junior and senior years. After caring for the demanded thirty-six hours, the student may browse as he pleases, or he may limit his work to one field. Provisions will be made for granting the exceptional student research facilities if he is able to carry his work beyond the limits of courses offered. Similarly, by arrangement with department heads, study may be done outside of class rooms and with no direct reference to courses.

GLEEMEN TO TAKE LONG TOUR IN MAY

(Continued from page 1)

According to all reports, the entertainment of the Mercer men was well received at both showings. About one thousand people saw the program at the two performances.

The best numbers offered by the club, to judge from the show of interest which was evidenced by the audience, were the piano solos, played by Aaron Farr, and the singing of the harmony four. A close second to these two favorites was the closing number on the program in which George Armes' orchestra played several lively numbers. The whole of the entertainment seemed to have received the approval of both audiences.

DISTINGUISHING THE FIGURE WITHOUT EXTINGUISHING THE PURSE

MANY young men have the erroneous idea that it costs more to dress with an eye to harmony in detail than when clothes are selected haphazardly. All it requires is a little extra care—not an extra amount of money. Our Men's Department makes it particularly easy with magnificent stocks of finely tailored Suits in all the new models and colors, at this one price.
