

Welcome, Gentlemen.
 To Easter's best starting point.
 You all need clothes . . . and there's a cityful of you.
 We've planned to take care of you all . . . even tho' you won't all show up.
 We should like to show you suits . . . that were piece goods only two weeks ago . . . and prices that undoubtedly will be higher 2 months hence. It's great fun showing such merchandise to men who haven't been in step with an Easter parade in three years.

A MIRACLE . . . You sit at home in easy chairs, behind closed doors, while from a sound-proof room . . . perhaps thousands of miles away . . . comes the music that you listen to on the Chesterfield program.

That sealed room in the Columbia Broadcasting Headquarters sends out good music and good songs 6 nights a week to 50 million people from coast to coast . . . with the voice of Norman Brokenshire . . . just about the best announcer in this country . . . to tell you "Chesterfields are milder and taste better."

Why is the Chesterfield Program broadcast 6 nights a week over a coast-to-coast network reaching 50 million people?

Because we want every smoker in this country to know that Chesterfield cigarettes are milder.

We want to tell every smoker from coast to coast that Chesterfield cigarettes taste better . . .

We want everyone to know that they can depend on a LIGGETT & MYERS product.
