

BEWILDERED BEARS DROP HARD FOUGHT CONTEST TO ARMY ON CADET GRIDIRON

(Continued from Page 1)

Jake Trommerhauser passed a short one to Bob, who carried it down to the Army 5 yard line. On this run he sidestepped three of the Army secondary, and would have scored had Reasor blocked Stancock. However the Bears carried it over on the third down, with Porter carrying the ball. For the rest of the half the teams battled in mid-field.

The Bears came out after the intermission, and proceeded to sweep the Soldiers off their feet. A beautiful passing attack, with Trommerhauser shooting them to Lee and Popeko carried the ball down to the Army 25 yard line, but there Lee fumbled, and the Cadets punted out of danger. Later on in the third quarter the Cadets, aided by a 25 yard pass from Buckler to Kopscak, crossed the Bear goal, making the score 19-6.

Then the combination of Trommerhauser and Lee went into action again. Taking the ball on the kickoff, this combination completed four straight passes, and carried the ball to the Army 9 yard line. Here a bad pass from Lichter set the Bears back to the 25 yard line, and the Bear's scoring threats were over. Trommerhauser completed several short passes before the game was over, but to no avail. At the close of the game, the crowd of Army supporters stood and cheered the gallant Southerners for a full five minutes, before they began to file out of Michie Stadium.

The game was very spectacular, featured mainly by the Mercer passing attack, and the long runs of Jack Buckler. The Bears were outplayed in only two departments, scoring and punting. The Bear kickers averaged only 24 yards, while Buckler averaged 44. Mercer made 14 first downs to 7 for the Army, and gained a grand total of 265 yards to 187 for the Army. The Cadets also suffered from two or three holding penalties, but they never helped the Bear cause when in the scoring zone.

Bob Lee, the Fitzgerald Antelope, was the outstanding player on the field. He made the longest run of the day, and was a thorn in the flesh to the Cadets all day. He was on the receiving end of most of Trommerhauser's passes, and some of his catches would have done credit to an acrobat. Jake Trommerhauser showed the Soldiers how a football should be passed, and he also made several short runs. Gordon Reddick, huge Bear guard, played a magnificent game in the line for the Bears. He was playing in the Army backfield a portion of the time, and many a time his vicious tackles brought grunts from the Cadet runners. Camp and Lichter were also outstanding in the Bear line.

For the Soldiers, "Texas Jack" Buckler was the outstanding luminary. He put them in the lead with his jaunt in the first quarter, and made several nice gains later in the game. His punting was also very good, and very accurate. Kopscak, Burlingame, and Brown were also outstanding for the Cadets.

LAW SCHOOL NOTES

By Joseph Edward Jaffee, Reporter

What do you mean? Open Season Starts. Notice posted in Law School: "The Dean will meet the Members of the Senior Class." Some Blackstone disciple added: "Leave your sidearms at home."

Smart Fellow!

The Great Blackstone in writing his "Commentaries" always kept a bottle of wine at his side. The present day law student is lucky enough if he can get a bottle of S:2 for his inspiration.

Mind Your Own Business

The work is piling up and it soon will be time for the "Bull Sessions." Since there are no co-eds there will be no "Cow Sessions."

Keep Your Shirt On

If any of you fellows lose your shirt at the hotel, take a course in Public Utilities and learn your "rights."

A Stitch In Time Saves Your Hair

New law students are wondering at the dear Co-eds with their hair falling on their shoulders.

Popeko.

Referee: Ed Thorpe, De la Salle. Umpire: J. A. Buckhout, Holy Cross. Linesman: A. M. Farrier, Dartmouth. Field judge: George Vergara, Notre Dame.

Some of the boys better keep their hair off their coats. No—it is not dandruff! Just "Corn" mixed in the Bath Tub.

Welcome! Bring Your Own

More and more out of state students are entering the Mercer law school.

A Moot Question

The Moot Court of the law school begins to function on Tuesday, October 3, at 7:30 p. m. A welcome is extended to students of other departments. Come and find out why you should not aspire to practice law.

LaFayette, We Are Here!

"The Law School Notes" will be a regular feature each week in the Mercer Cluster. Being a new department of your progressive paper, your reporter invites criticism. "I can take it as well as give it."

Lord forgive them for they know not what they do. There is a proverb: "To err is human; to forgive Divine!" it doesn't look like the professors follow the golden rule when they grade the papers.

Mercer—A Drawing Card

Drawing the cards out of the files we find there are six seniors and all of them from Georgia. The Junior Class has eight members with two out of state students. One is definitely from Florida and the other is undecided about Ohio or Massachusetts. The student has difficulty with the

terms "Domicile" and "Residence." Inclined to believe domicile and residence are synonymous. There are 17 freshmen and three claiming Alabama, New York and Tennessee, respectively.

He who laughs last doesn't see the Joke at First. A student believes "Public Utilities" provides sleeping quarters and takes a nap in class each day. When he awakens he gripes because his cigarettes are missing. The course in "Public Utilities" deals also with "Common Carriers"—Mr. Yarbrough!

each said a few words of acceptance and hopes for the future of the organization, and the meeting adjourned with the broad and earnest invitation extended to the entire student body, or at least that portion interested in debate and general world affairs from the layman's point of view, to come to the next meeting to be held in the same place next Monday night at 7:30 p. m.

about **Cigarettes**

Of all the ways in which tobacco is used the cigarette is the mildest form

YOU know, ever since the Indians found out the pleasure of smoking tobacco, there have been many ways of enjoying it.

But of all the ways in which tobacco is used, the cigarette is the mildest form.

Another thing—cigarettes are about the most convenient smoke. All you have to do is strike a match.

Everything that money can buy and everything that science knows about is used to make Chesterfields.

The right home-grown tobaccos—seasoned with just enough aromatic Turkish—are blended and cross-blended the Chesterfield way.

Then the cigarettes are made right firm, well-filled. Chesterfield uses the right kind of pure cigarette paper.

There are other good cigarettes, of course, but Chesterfield is

the cigarette that's milder, the cigarette that tastes better. Chesterfields satisfy—we ask you to try them.
