John T. Cash, Canton, was elected to succeed Thad Murphey, Macon, as business manager of the Cauldron, yearbook of Mercer University, at a called meeting of the student body Tuesday morning. He was nominated by John

Minter, Columbus, editor of the book, and received no opposition. Mr. Murphey was forced by the Student Activities Committee to give up the managership of the Cauldron due to his holding already the responsible position of Glee Club manager. They felt that it was too much for one man to carry. Mr. Murphey's resignation was accepted with regret. Mr. Cash is a senior in the law school, and is a member of the Phi Kappa Phi social fraternity and the Blue Key Council.

**GLEE CLUB HAS BOOKED  
FIRST TRIP OF YEAR  
FOR DECEMBER**

(Continued from Page 1)  
ing on a play to be presented as part of the program, and indications are that the quality of the club's entertainment will be equal to that of last year's at its best.

"Hail To Mercer!" the new and only truly Mercer song, will probably be incorporated into the regular program of the chorus. The glee club presented the song at two chapel periods and has done much to make it a success at its presentation at the Home-coming game.

Week after next, the chorus will be the guests of Bessie Tift College during the State B. S. U. Convention being held there that weekend. Just what selections will be rendered or what specialties will be given is not known at this time as complete details and plans for the trip have not yet been formulated, but the club has been practicing hard and the state representatives can be assured that Dr. Richardson will send them a program of which Mercer can be justly proud.

A certain train has a brakeman, fireman and engineer whose names are Smith, Jones and Robinson but not respectively.

On this train travel three passengers, Mr. Smith, Mr. Jones and Mr. Robinson.

1. Mr. Robinson lives in Detroit.
2. The brakeman lives halfway between Chicago and Detroit.
3. Mr. Jones earns \$2,000 a year.
4. Smith beats the fireman at billiards.
5. The brakeman's nearest neighbor, one of the passengers, earns three times as much as the brakeman, who earns \$1,000 a year.
6. The passenger of the same name as the brakeman lives in Chicago.
