

Navy Gives Information On Flying to College Students

Here are answers to some of the questions most frequently asked, particularly by college students, about enlistment for aviation flight training in the United States Naval Reserve.

Q. If I am accepted for enlistment, am I guaranteed that I will be given flight training, only?

A. Absolutely! There are two courses open to you, once you are accepted. You will receive flight training and within nine months be eligible for a commission as an Ensign in the U. S. Naval Reserve or a Second Lieutenant in the U. S. Marine Corps Reserve, and qualified to fly all Naval planes. If you are among the unlucky 15 percent who "wash out," you will be returned to civilian life unless it is your desire to be retained in service as an enlisted man, or, if in the opinion of the commanding officers, you have qualifications that may result in your being recommended for a special service commission for ground duties attached to aviation.

Q. Am I permitted to enlist for flight training in the Naval Reserve after I have been given a 1-A classification in Selective Service?

A. Yes! You may enlist for Naval Aviation training up until the time you may be actually inducted into the Army in Selective Service.

Q. What are the opportunities for an officer in the Naval Reserve to obtain a commission in the regular Navy?

A. The Naval Aviation Personnel Act of 1940 makes provision for appointment each year in the line of the regular Navy and Marine Corps of as many qualified naval aviators in the Naval Reserve and Marine Corps, as the President of the United States may deem necessary. Aviators less than 26 years of age and with not less than 18 months of continuous active service following their training period, are eligible for such appointments.

KDE Inducts Seven Girls

Kappa Delta Epsilon, national educational sorority, held an initiation last Thursday afternoon to induct seven new members. The ceremony was held at the Baconfield woman's clubhouse and was conducted by President Gwendolyn Michael.

The following were inducted: Anne Devereaux, Mildred Hillman, Gwendolyn Nottingham, Merry Elizabeth Hicks, Marie Conner, Betty Caldwell, and Doris Robertson. Miss Gwen Reed also accepted a bid but was not present.

Requirements for membership in KDE include two quarters of education courses.

Students Do \$400 Damage

"Damage done by students to university buildings amounts from \$300 to \$400 yearly," it was revealed yesterday by Mr. Charles Hubbard, school business manager.

"Very little damage is done to buildings other than the dormitories," added Mr. Hubbard, "but each year Roberts Hall and Sherwood Hall need repairs amounting to \$300 apiece."

The boys knock holes in the ceiling and make such deep scars on the furniture that it must be replaced yearly, he said. In addition, students and young children in the neighborhood break the windows of the gymnasium attempting to get in.

Each year students add to the damages near election time. The roof of Penfield Hall suffered \$45 worth this year. The slate was broken and in such poor shape it had to be entirely replaced in spots.

Cardinal Key Will Tap Six

Cardinal Key, national honor society for women, will hold its annual spring tap day next Wednesday in Chapel. Six girls will be tapped, it was revealed yesterday by Helen Klinefelter, president.

A meeting of the sorority will be held the following Thursday night, at which time officers for the coming year will be chosen.

The strangest thing at Washington lately was that it took a big fight to get air power recognized equally with land and sea power.

Thetas Lead With Pastors In Bowling

At the end of three weeks of bowling competition, the Ministers and Phi Delta Thetas are tied for the lead in the boys' division, and Alpha Delta Pi and Non-Sorority lead the girls.

NAVY ANNOUNCEMENT TO COLLEGE FRESHMEN AND SOPHOMORES 17^{THRU} 19

You want to serve your country! Why not serve where your college training will do the most good?

Under the Navy's newest plan, you can enlist now and continue in college. If you make a good record, you may qualify within two years to become a Naval Officer—on the sea or in the air.

Who may qualify

80,000 men per year will be accepted under this new plan. If you are between the ages of 17 and 19 inclusive and can meet Navy physical standards, you can enlist now as an Apprentice Seaman in the Naval Reserve. You will be in the Navy... But until you have finished two calendar years, you will remain in college, taking regular college courses under your own professors. Your studies will emphasize mathematics, physics and physical training.

After you have successfully completed 1½ calendar years of work, you will be given a written examination prepared by the Navy. This examination is competitive. It is designed to select the best men for training as Naval Officers.

How to become an Officer

If you rank sufficiently high in the examination and can meet the physical standards, you will have your choice of two courses—each leading to an officer's commission:

1. You may volunteer for training as an Aviation Officer. In this case you will be permitted to finish at least the second calendar year of your college work, after which you will be ordered to active duty for training to become an officer-pilot. Approximately 20,000 men a year will be accepted for Naval Aviation.

2. Or you will be selected for training as a Deck or Engineering Officer. In this case you will be allowed to continue your college work until you have received your degree.

After graduation you will be ordered to active duty for training to become a Deck or Engineering Officer. Approximately 15,000 men a year will be accepted.

If you do not qualify for special officer's training, you will be allowed to finish the second calendar year of college, after which you will be ordered to active duty at a Naval Training Station as Apprentice Seaman.

Those who fail to pass their college work at any time may be ordered to active duty at once as Apprentice Seamen.

Your pay starts with active duty.

Here's a real opportunity. A chance to enlist in your country's service now without giving up your college training... a chance to prove by that same training that you are qualified to be an officer in the Navy.

DON'T WAIT... ACT TODAY

1. Take this announcement to the Dean of your college.
2. Or go to the nearest Navy Recruiting Station.
3. Or mail coupon below for FREE BOOK giving full details.
