

CLUSTER GIRL

Of The Week

LILLIAN MOYE

Miss Lillian Moye is one of Mercer's most outstanding undergraduates. She has many and varied interests. A member of Chi Omega social sorority, she is also a Mercer Player, on the Cauldron staff, included in the Y.W.A., member of the Student Welfare Committee, one of the newly elected cheerleaders, and last, but not least, the Kappa Sigma Pledge Sweetheart. Lillian's future plans include an A.B. degree with a major in Law and a minor in the social sciences. With her interest in dramatics, a love for outdoor sports, a knack for cooking and a winning personality, we can confidently predict a very happy future for "Lil."

HANK O'NEAL

JITTERBUGGING

Jitterbugging is an action that people take when they desire to drown out the effects of crude music. It may be defined as a species of amusement that leaves its participants looking like something that somebody shot at and missed, and spat at and bit.

Jitterbugging seems to be most common among the students of colleges that have no football team. This is largely true because if people can't watch violence in a stadium, they want to make up for it on the dance floor.

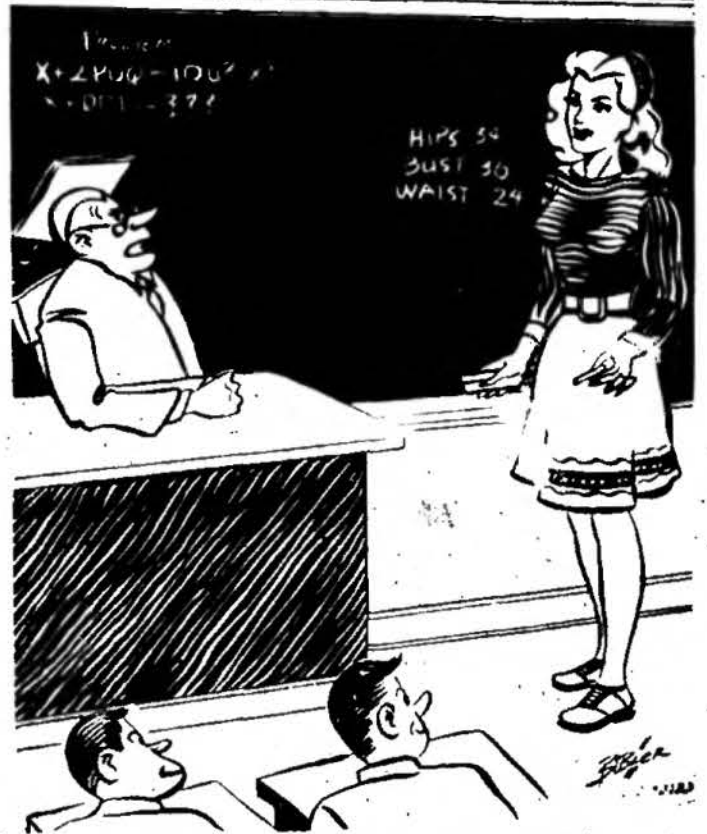

The most rabid evangelist on earth will have to admit that jitterbugging has added much morbidity to American dancing. When people jitter, they are entirely too busy kicking their own bodies around to give much thought to anybody else's. What a vast improvement over the slow dragging waltzes of our aging fathers. Oh, how those creeping dances must have provided that idle mind which is the devil's workshop.

It might even be said that jitterbugging takes away from dancing what few seductive ideas a person can make up. No idiot can tell that the strain of jitterbugging leaves people physically repulsive to each other. The only power they have left is used in dragging for breath, like a lost frog in a lost pond.

Jitterbugging is not all good, however. It has its rotten and corrupt features, as does every other field of human endeavor. It is second only to divorce as a romance killer. And is there anything so disheartening as to spend half of a good dance working up the right words, and then have it smashed with reckless abandon by some jitterbugging fiend?

The history of this fanatical art is anything but drab. It was originated in Africa by wildmen, for the purpose of relieving boredom. It is used as ritual by certain vicious religious sects. It is reputed to have been sanctioned by Mussolini sometime in 1937.

Even a jerk can see that jitterbugging is a great American problem. It is like virtue, in that nobody ever seems to have enough of it. It is like sin, because it will never be overcome. But, in the last analysis, it is like crime; it must eventually be brought under control.

"When I referred to your figure I meant your mathematical result."

ALUMNI NOTES

Did you know that the president of the GEA is an alumnus of Mercer University. Bela Allen Lancaster came to Mercer University in 1922. He was awarded the A.B. degree June, 1926, and the M.A. degree August, 1926.

"Lank" was captain of the football team at Mercer, president of the SAE fraternity and was voted Master Mercerian.

Bela Lancaster has been superintendent of the LaGrange, Georgia, schools since 1937. He is president of the LaGrange Rotary Club; teacher of the Men's Bible Class at the First Baptist Church; member of the Highland Country Club and the Golf Club.

In addition to his work at Mercer Mr. Lancaster has done graduate work at the University of Georgia and Columbia University.

Service Fraternity Convenes At Mercer

Members of Alpha Phi Omega Service Fraternity are busy making plans for a fraternity convention to be held at Mercer, December 6-7. Colleges and universities throughout the southeast will be represented in these meetings, according to Broadus W. Longhby, president of the Delta Iota local chapter.

The purpose of this function will be to enable the members to know one another better, to exchange ideas from various campuses, and to outline plans for the coming year. Sidney W. North, National Secretary, will be present to assist in the discussions.
