

MERCER UNIVERSITY.

Penfield, Ga., Decr 15th 1851

The Laws of the University require, that, at the close of each term, a report of the progress and delinquencies of each student shall be made to his parent or guardian. It is hoped that the friends of the students will avail themselves of the aid which may be derived from these reports, and co-operate with the Faculty, in endeavoring to promote their improvement both in learning and in morals.

The merit in each study is estimated by the average of all the recitations during the term, and the number 10 is used to denote the highest grade.

B. M. Polhill of the Senior Class:

PROGRESS.

Latin,.....	7.5.	Logic,.....	.	Nat. Philosophy, .	.	Ment. Philosophy, 10.
